DUNBAR DISASTER SUPPORT HUB

"A major earthquake in Vancouver will impact everyone. Families, neighbours, and community organizations will need to work together to support each other while emergency services respond to high-priority incidents."

City of Vancouver website

You are cordially invited to participate in our first table top exercise putting into practice the Dunbar support hub and emergency prep container.

The exercise is intended to engage community leaders in testing the Seattle hub model and adapting it to Dunbar and Vancouver.

We are looking for a broad range of engaged Dunbar citizens to participate.
